DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 65-67 are rejected under 35 U.S.C. 102(b) as being anticipated by Norman et al Patent No. (6,070,372). Norman discloses an enclosure consisting of a climate controlled fold-out room that is selectively positionable in a collapsible configuration and comprising: a utility enclosure (10) mounted on a concrete slab (20) consisting of an exterior shell (30) having a plurality of walls (40,42,44,46 & 48) with a roof (40). The said enclosure is accessible for at least one maintenance personnel and climate controlled by an air conditioning unit (65).

Allowable Subject Matter

Claims 24,47-49 & 62-64 are allowed over the prior art of record.

Claims 68-76 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments filed 03/29/2004 have been fully considered but they are not persuasive. The disclosed invention of Norman et al, shows a collapsible configuration consisting of a utility enclosure mounted on a slab and having a plurality of walls. As claimed in claim 1; "enclosure assembly comprising: a collapsible sel-supporting enclosure" – the disclosed

invention of Norman clear shows a collapsible enclosure (12) connected to an utility enclosure and said collapsible room is climate controlled by the air conditioning unit (65) of the utility enclosure (see column 5, lines 28-35).

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melvin Jones whose telephone number is (703) 305-0251. The examiner can normally be reached on Monday - Thursday.
